If you haven't discovered the meltingly tender pleasures of ostrich meat, do – soon. It's lean, low in fat and cholesterol, high in iron and protein and delicious. Tajo ostrich meat, raised in Galatea in the Whakatane district, has a delicate flavour and smooth texture. For the perfect steak, sear on a hot pan for 60 seconds each side, then pop in a pre-heated (180°C) oven for five minutes. Visit www.tajo.com
